2020 ANNUAL REPORT TO THE COMMUNITY

Hello!

We had so many unknowns throughout 2020 and yet the Marshfield Area Community Foundation knew we could count on our community members to step up to meet the most pressing needs. A COVID-19 Relief Fund was formed with a collaboration of the Marshfield Foundation, United Way, and a private donor. It grew with the support of community members contributing to this fund. Thousands of dollars have been given out to assist area nonprofits with food insecurity, housing, and basic needs supplies.

The board stayed connected in the new Zoom world and didn't skip a beat to get funding to those nonprofits most in need in our community. As well, scholarships were awarded and virtual awards meetings became the norm. The commitment from the board was beyond impressive. The response from donors was humbling. Our most recent community project looked like it was going to stop in its tracks and that's when donors stepped up to make the Vandehey Waters project a reality. The response from our community, from people like you, was impressive in 2020, and we are grateful. The Marshfield area showed that when a community needs help our neighbors don't ask why they need to help but rather how can they help. Thank you for a great year given the very unusual circumstances.

United For Community Wellness

Marshfield Area Community Foundation, Marshfield Area United Way, Children’s Hospital of WI., and Marshfield School District have joined together to break down the stigma of mental health issues. Weekly social media posts/videos/articles are sent to area businesses to share with their employees as well as students and staff at Marshfield Public Schools to provide information about mental health topics including Staying Connected, Gratefulness, Anxiety, Suicide Prevention, and Physical Activity.

Despite curbside pick-up due to COVID-19, 240 coats, hats, and/or mittens were still distributed! Thank you to our community for donating over \$10,000 to support this annual event.

Art Bags for Kids

The Foundation distributed over 200 art bags to Marshfield students this summer. Bags included art supplies, bubbles, Play-Doh, and activity books to help them stay positive while being at home. Thank you to Mary Stanley and the Bonnie Jean Fund for supporting this project.
