Reflections from our 2022 Board President:

There's no place like home. As one grows up in a small safe community such as Marshfield, one may not be sure where life's journey will eventually take them. After several years of school, I have found myself back in my hometown.

I have ideas for Marshfield, ideas that connected me with the Marshfield Area Community Foundation, Inc. What an opportunity, when I was asked to join the MACF board, to give back to this small yet notable Midwest community. After a few years on the MACF board, I have recently completed a one-year term as Board president in 2022.

2022 passed quickly, and I am pleased with all that the MACF has accomplished this past year, including the many grants awarded that you'll find listed in this annual report. It truly has been a worthwhile endeavor to work with all the MACF board members.

The Marshfield Area Community Foundation, Inc. thanks you for your ongoing support. We look forward to another productive year in 2023!

Sincerely,

Brian Parker, M.D.
